riber stores has decreased and the growth in the number of users tends to be sluggish. y the decline in profits from media advertising in and after March 2023. However, nation media "Kufu Live!" in the first quarter and promoted the reduction of outsourcing

• In severe market conditions, the HyAS Group experienced a decrease in sales and profits due to factors such as sluggish growth in the number of housing construction projects handled and delays in delivery dates. It focused on providing support to member building contractors for receiving orders through diversification of commercial products and strengthening of support to attract customers via websites.

• We focused on increasing the number of users and contracts executed by expanding the product lineup and strengthening the opening of consultation counters for consultation services, while securing stable revenue through the sales of SaaS tools for real estate agencies.

• We are currently building a foundation for achieving growth again following the COVID-19 pandemic. We promoted the expansion and enhancement of commercial products to strengthen the profitability in the media business, and in the wedding producing business, the number of weddings held and the number of orders received have been on an increasing trend. The domain is generally progressing as planned toward the achievement of profitability

• In the investment business, we recorded a gain on the sale of operating investment securities in the same period of the previous year. However, we did not engage in any large transactions in the first half of the current fiscal year.
